EVENTS OF DAY IN WEST SCRANTON

IMPORTANT MEETING OF WEST SIDE BOARD OF TRADE.

Definite Action Taken Relative to the Dangerous Condition of West Lackawanna Avenue Crossing and the Tin Plate Industry-Fifth Ward Republicans Will Caucus Saturday, Dec. 23-Man Knocked Down and Run Over on Main Avenue-Other Interesting Items.

The West Side board of trade, at its regular meeting last evening, took definite action relative to the dangerous condition which confronts the pub-He at the West Lackawanna avenue crossing, and the vialuet question received merited recognition. The board has always favored a viaduet and realize that it is an absolute necessity for the safety of life, but owing to the obstacles which now confront the scheme, they determined to take steps to relieve the present dangerous condition as far as possible.

A committee was appointed to confer with the officials of the Delaware, Lackawanna and Western railroad regarding the unnecessary delays at the crossing and the danger encountered by so much switching at that point, and they will ask the street railway company to place a flagman at the crossing to signal the cars on their approaching the tracks.

The viaduct question was discussed at some length, and the committee was instructed to talk viaduct to the officials of both companies, and urge upon them the necessity of taking immediate action in the matter. Hon. John R. Farr and Hector Campbell were named as the committeemen, and they will wait on the officials this morning and present the suggestions of the board.

One of the members said he counted 67 teams and 76 persons delayed at the crossing on one occasion recently.

Definite action was also taken relative to the location of a tin plate industry in the Keyser Valley. Several of the members present expressed their willingness to subscribe for stock and a committee was appointed to take the matter in hand and secure subscriptions for the proposed industry.

President Daniels called the meeting to order at 8.20 o'clock and in the absence of Secretary Oliver, H. D. Jones acted as secretary. The following members were present. D. D. Evans, John R. Farr, C. S. Swisher, Hector G. Campbell, C. E. Daniels, Thomas Watkins, Jenkin T. Reese, E. G. Morgan, John H. Fellows, H. D. Jones, John Fern, William Farrell, T. Fellows Mason.

Mr. Farr, for the manufacturers committee, reported having visited Keyser Valley with Mr. Torbet, of

tin plate industry, and the section was shown to be adaptable to industrial interests. Mr. Torbet was very favorably impressed with the location, and Mr. Farr stated that the plant can be secured for West Scramon if a fair amount of stock is subscribed by our people. But practical interest must be shown in the enterprise to se-

He also stated that reveral persons whom he had spoken to will subscribfor stock in the plant, but he was not ready to state who they are at this time, but ne feels very much encouraged at the outlook. He referred to the town of New Castle, which has been wenderfully developed since a tin plate industry was located there, and stated that it was one of the best pay-ing plants in the country. He also gave a brief statement of the cost and profits of a mill similar to the one proposed for this city.

After several members had spoken on the subject, Mr. Evans moved that the prospectus be taken in hand and see what can be done in the matter of raising subscriptions. The motion prevailed.

A committee of three was appointed to take general charge of the matter, The members named were Messis. Farr, Farrell and B. G. Morgan.

Mr. Farr stated that a match factory and silk mill are seeking location in the Keyser Valley section, and added that the time is at hand for an industrial boom in West Scranton.

President Daniels spoke of the posibility of locating a branch postoffice in West Scranton in the near future, and a committee of three was appointed to confer with Inspector German relative to the matter. The committee named was Messrs, Evans, Mason and Reese.

After several minor matters were disposed of, the board adjourned. The meeting was the most important held in a long time, and judging from the expression of these present a renewed effort will be made to make West Scranton the industrial centre it deserves to be, and secure such legislation as will bring about the West Lackawanna avenue viaduct,

MEETING OF CANDIDATES.
